Dr. Eddie Levins

Dear Fellow Citizens of Mesa,

My name is Dr. Eddie Levins, and I am running to be the next Mayor for the City of Mesa. I am the Chief Executive Officer of LIS Group, a Justice Consulting, Security Services, and Investigations firm located in the City of Mesa.

In every facet of my life, I have placed myself in a position to give back. Whether it was serving 21-years in the U.S. Army, or the commitment I made following military service to become a public servant working two decades at the county, state, federal, and tribal levels of government putting that spirit of service to effective use. The truth is that I recognized service to community and country is central to who I am.

As a long-time Mesa resident, I have a strong understanding of what our community needs and how public policy should meet those needs. Our campaign is one that will restore confidence in local government, while shaping public policy to address the future needs of our city for all citizens.

Like many of you, I have witnessed the erosion of people's trust in government and the ideals that I've literally dedicated my life to protecting: freedom, justice, equality, fairness, and the fundamental belief that the sole purpose of government is to serve the needs of people like you and me. So, moved by a deeper commitment to service, I decided to run for the Mayor's Office not because I wanted to, but because I knew that I had to.

My commitment to you is that I will bring the kind of leadership to the Mayor's Office that invites accountability and encourages citizen participation in governance. However, to do this, I will need your support!

Within the next few weeks, our campaign will host a series of virtual and in-person meet and greets to give voters an opportunity to engage in candid discussion with me about their concerns, hopes and dreams for our city, and what they expect of their next Mayor. I am hoping that you will attend. Your collective participation can shape our city's future.

Respectfully,

Eddie Levins
